

CALL FOR PAPERS

Special Issue on

“Algorithmic Number Theory and Its Applications” of *Japan Journal of Industrial and Applied Mathematics* (JJIAM)

We are pleased to announce a special volume of the JJIAM, the official journal of the Japan Society for Industrial and Applied Mathematics, for original research papers on algorithmic number theory and its applications. This issue covers all algorithmic aspects of wide range of number theory and any kind of applications of algorithmic number theory. Expecting that this issue will be one of the important steps of the international progress of algorithmic number theory, we invite submissions of new results in this field.

Important dates

Submission deadline: October 31, 2006.

Publication date: October 2007 as Vol.24, No.3 of JJIAM
